

EL CHORRO

Photo Policy

We have intentionally created and maintained a beautiful environment for people to enjoy. Maintenance of this extensive and lush property is an expensive undertaking.

If you are taking professional photos and/or are being paid or compensated in trade for doing so, you need to pay us a site fee and complete a request. If you are simply taking personal pictures, you do not need to pay a site fee. However, we trust that you will help pay the cost of our maintenance by dining with us in the restaurant.
